

The screenshot shows the IBM Cloud Dashboard. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (KUMARAN E's Account). Below this is a 'Dashboard' section with a 'For you' area containing several quick-start options: 'Build', 'Monitor your resources', 'Create and deploy an application', 'Create an OpenShift cluster', 'Create a Kubernetes cluster', and 'API Connect'. Each option has a brief description and a 'Getting started' button with a time estimate. Below the 'For you' section are two more sections: 'Resource summary' and 'Planned maintenance', each with a 'View all' link. The interface is dark-themed with blue accents.
